

Stochastic Programming Bibliography

Maarten H. van der Vlerk
Department of Operations
University of Groningen
PO Box 800, NL-9700 AV Groningen, The Netherlands
E-mail: m.h.van.der.vlerk@rug.nl

October 8, 2007

One of the sources for this bibliography has been the list of books on Stochastic Programming compiled by J. Dupačová, which can be found in Wets and Ziemba [4033].

Please send additions (preferably in BibTeX format) or comments to the e-mail address mentioned above.

This bibliography can be cited as

Maarten H. van der Vlerk. *Stochastic Programming Bibliography*. World Wide Web, <http://mally.eco.rug.nl/spbib.html>, 1996-2007.

The BibTeX entry I use is

```
@MISC{SPB9607,  
  author = {Maarten H. {van der Vlerk}},  
  title = {Stochastic Programming Bibliography},  
  year = {1996-2007},  
  howpublished = {World Wide Web,  
                 \url{http://mally.eco.rug.nl/spbib.html}}  
}
```

where the macro `\url` is defined in the L^AT_EX style file `url.sty`.
